The employee believed to be under the influence of alcohol or drugs will not be permitted to work until free of such influence. The employee is also required to meet the drug and alcohol testing requirements, if any of the Customer entities for which we carryout work.

This also applies to lawfully prescribed medication, if such use may impair our ability to perform our jobs or poses a direct threat to ourselves or others in the workplace. Any drug and/or alcohol related problem will be treated as "strictly confidential" and treatment and/or counselling is to be sought and undertaken and the immediate manager to be kept informed.

Anyone suspected of possessing alcohol, an illegal drug or a controlled substance during working hours is subject to inspection and search, with or without notice. The Company reserves the right to demand a drug or alcohol test of any employee based upon reasonable suspicion. Reasonable suspicion includes, but is not limited to, physical evidence of use, involvement in an accident, or a substantial drop off in work performance.
